II-3. Discussion on Memorandum of Agreement Between the Chariho Regional School District and Chariho Education Support Professionals pertaining to the June 19th Holiday –
Superintendent Picard noted that because June 19th is now a Federal Holiday, this is being brought forth as school will still be in session after the 19th. Jessica questioned what would happen if June 19th falls on a weekend to which the Superintendent explained that it will be handled just like every other holiday. If it falls within an employee's work year, staff will be entitled to the holiday. As there were no other questions or comments, the Superintendent noted that the vote will take place in Open Session.

The Committee moved to approval of executive session minutes of April 9, 2024 - Discussion on the Memorandum of Understanding with the Town of Richmond pertaining to the funding for a School Resource Officer.
